

Dear Friend of *Abiding Above*,

July 2020

Praise the Lord! In spite of twice postponing our evangelism trip because of the coronavirus, we finally made it to the northeast part of the United States with great success!

A team of men blitzed highly populated areas of towns and cities in these states: Rhode Island, Connecticut, Massachusetts, Maine, New Hampshire, New Jersey, and New York.

We were able to distribute nearly 30,000 gospel tracts (paper missionaries)! We handed them directly into the hands of thousands of people. We placed them in door handles on vehicles, on the doors of businesses, and any place we could find where they would intersect with people. We even placed them on the front doors of churches that have lost their way.

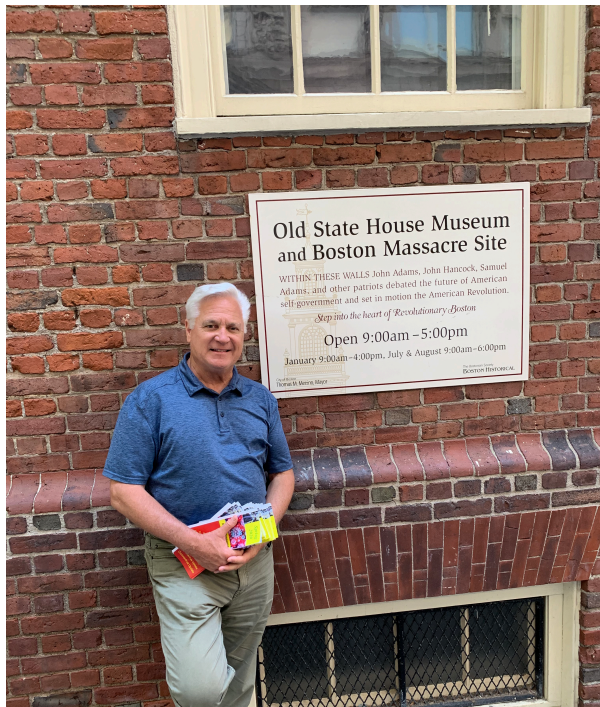

Because of this mass distribution of gospel tracts, we are in great need of printing new ones. We need your help! The most economical way to print these paper missionaries is 10,000 at a time. We need to raise \$1250.00 as quickly as possible. Please help us in this!

I ask you right now, as you are reading this newsletter, to pause, and whisper a sentence prayer for people to read these tracts and pray to receive Christ. Pray that these very people will be intersected by a true disciple maker sent by God just for them.

As we walked the streets of these historic cities that are filled with historic markers of the founding of our nation, we did see and hear people protesting and using foul language in extreme anger. We had one person tear up a tract and throw it on the ground and another yelled at us. But, for the most part, it seemed people are worried, and maybe more willing to listen in these present days of evil, rioting, and violent destruction.

This is the old State House and site of the Boston Massacre. John Adams, John Hancock, Samuel Adams, and other patriots debated the future of American self-government and set in motion the American Revolution.

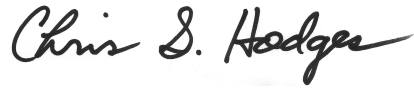

I know you are praying for our nation. God says, ***“For as he thinks in his heart, so is he.”*** Proverbs 23:7.

I believe evangelism and disciple making are the grass roots way to bring our nation back. If God’s people, which are called by His name will reach one and disciple that one their mind will change, their emotions will heal, and our nation will change. It is the answer, it’s what Jesus did.

Edmund Burke once said, "The only thing necessary for the triumph of evil is for good men to do nothing."

Thank you for your prayers and your giving. Thank you for your continued help ... *in doing something.*

Abiding above,
